WHO IS LAYTECH?

LAYTECH BUILDERS LIMITED is a registered construction company (**RC 1551495**). We specialize in the provision of a wide range of residential/commercial building and construction services, real estate, technology, investment and consultancy.

Our team excels in:

- Project Management.
- Scheduling and budgetary Control.
- Value Engineering and Buildability.
- Quality Control and Safety.

Led by **Kolapo Olalekan (MNIQB)**, our Founder/Chief Operating Officer, we deliver exceptional results. With over 10 years of experience and a strong educational background, including B. Sc. in Building from the University of Uyo (2019) and a Diploma in Building and Construction, Government Technical College, Osogbo(2013), Kolapo brings passion and expertise to our team as a member of the Nigerian Institute of Building (NIOB). We handle your building projects with modern tools, quality materials, and skilled labor from start to finish.

OUR MISSION

To become a leading building and construction, real estate, technology, investment, and consultancy company in Nigeria, delivering high quality services at competitive prices, with professionalism and innovative technological approaches.

OUR VISION

To establish ourselves as a leading force in the construction sector, driven by modern technology and standards.

OUR VALUES

We are guided by the following core values: Professionalism, Integrity, Creativity, Quality, Positive Performance, Teamwork, Health and Safety, Modern Technology, Excellent Delivery. These values underpin our mission and vision, ensuring we consistently deliver exceptional results.
